Brief meanings according to <https://tarot-astrology.co.uk/2016/07/04/domicile-exaltation-detriment-and-fall-essential-dignities-of-planets/>

A planet in a sign of a similar nature, but which it does not rule, is said to be in **exaltation**. The planet gets strength and energy from its exaltation, and thus, its influence is positive.

When a planet is in the sign opposite the sign it rules, it is said to be in **detriment**. Thus, its action is weakened.

A planet in the sign opposite the sign of its exaltation is said to be in **fall**. Therefore, contrarily to the exaltation, the planet loses its strength and influence.
